Schedule 7: Data Processing Details

1. Subject-matter of processing:

Protected Data relating to Comgem's provision of the Services to the Client.

2. Duration of the processing:

The term of any relevant Service Agreement until deletion of all Protected Data by Comgem in accordance with the DPA.

3. Nature and purpose of the processing:

Comgem will process Client Protected Data for the purposes of providing the Services to the Client in accordance with the DPA and the Terms and as initiated by the Client in its use of the Services.

4. Type of Personal Data:

Data relating to individuals provided to Comgem via the provision of the Services by or at the direction of the Client, including but not limited to contact data (such as email address, contact number, name or other contact details), marketing preferences, IP address and usage information (including online navigation data, location data and browser data).

5. Categories of Data Subjects:

Data subjects include the individuals about whom data is provided to Comgem via the Services by or at the direction of Client or end-users of the Client.
